

LoMe Ranger Report for 2022/23

Currently, there is a team of 9 villagers who have volunteered to do general maintenance work in the Parish on an occasional basis.

In the past 12 months they have worked over 93 woman/man hours for the benefit of the Parish

Jobs done include -

Cleaning around the name stones at Barnclose and Townsend.

Checking and servicing the grit bins.

Cutting back overgrown foliage around - Traffic signs
Heritage signposts
Cemetery
Other open spaces

Supporting FOLC with church and churchyard maintenance.

Throughout the year, the work produced a huge quantity of foliage clippings and pruning's and we were granted to Barnclose for appropriate disposal of these. Special thanks to Rick Massey who gave us permission for this to be done.

More volunteers to become LoMe Rangers are always welcome.
